

Microsoft Java Developer Conference 2024

Code. Cloud. Community.

From Zero to Java Hero Visual Studio Code Mastery

Loiane Groner

What we'll learn by the end of this session

- Basic extensions
- Working with Spring Framework
- Code linting and vulnerabilities
- Testing and Test Coverage Report
- Docker support
- Database support
- Microservices support

What we need to install

 \oplus Extension: Java + Spring Extension Pack \times

Java + Spring Extension Pack V0.1.3

Some of the most popular and useful Java and Spring extensions

This extension is enabled globally.
